STRATEGIC PLAN Equipment Management Technical Services Program

State Highway Agency equipment fleets represent a significant capital investment, which also require recurring maintenance and operational expenditures. Fleet assets are vital to the delivery of agency programs, projects and services—especially those associated with emergency response. Efficient management of these assets can yield significant savings as well as improved performance and reliability.

STRATEGIC PLAN

Vision Statement:

To serve as the comprehensive national resource supporting effective and efficient governmental highway equipment fleet management.

Mission Statement:

To provide governmental equipment fleet management personnel and agency executives with the resources, material and support to promote effective fleet asset management, advance emerging equipment technologies, communicate best practices, and to provide a voice to decision makers and industry on issues impacting fleet operations.

EMTSP - Strategic Goals:

- Goal 1:** Support regional equipment management partnerships.
- Goal 2:** Promote awareness of available equipment technologies.
- Goal 3:** Facilitate the exchange of information and ideas among equipment management professionals.
- Goal 4:** Advance fleet management best practices.
- Goal 5:** Maintain and support the equipment fleet management research roadmap.
- Goal 6:** Promote and support professional development opportunities for equipment fleet managers.
- Goal 7:** Monitor and disseminate information regarding new and proposed regulatory changes that have potential impact upon highway equipment fleets.
- Goal 8:** Develop and promote common performance measures for equipment fleet management.
