Mike Hartman graduated from Eastern Illinois University with a Bachelor of Science in Marketing. Mike started his career selling Bobcat skid steer loaders in the Chicagoland area. He then moved to the St. Louis area in 2000 where he worked as a District Manager for ADP. In 2001, he was hired by Missouri Petroleum Products Co., LLC as a Territory Manager where he started his path in pavement preservation. Missouri Petroleum manufactures and distributes asphalt-based products for preventative maintenance to paved surfaces. Missouri Petroleum is also a leading contractor in Chip Seal, Microsurfacing, Slurry Seal, Asphalt Underseal. We are licensed to work in 32 states from Virginia to Pennsylvania and from Texas to South Dakota. Mike was promoted to Sales Manager in 2012 and then promoted to Vice President, Sales in 2018. Mike oversees and directs all aspects of their successful sales program. This includes securing significant profitable growth through retention and further development of both material and contracting sales.
