What is the Southeast Pavement Preservation Partnership (SEPPP)?

The Southeast Pavement Preservation Partnership is a regional forum of pavement professionals from State Agencies, Contractors, Suppliers, Academia, Local and Federal Government Officials, all working together to take advantage of the synergy to be gained from sharing information and identifying common issues for further investigation. It provides a forum to share and publicize information describing improvements in research, design, specifications, materials and construction practices, and to promote the benefits of Pavement Preservation through education and application.
