**AASHTO TSP-2**

# 2019 Southeast Bridge Preservation Partnership Annual Meeting

**What is TSP-2?** The Transportation System Preservation Technical Services Program (TSP-2) was initiated as an efficient means to disseminate information to AASHTO member agencies for preserving their highway infrastructure, including both pavements and bridges. Its principal mission is to serve as a clearinghouse with comprehensive and up-to-date information on efficient and effective preservation measures that enhance highway and bridge performance and extend useful life.

**What is the Southeast Bridge Preservation Partnership (SEBPP)?** The Southeast Bridge Preservation Partnership is a regional forum comprised of bridge practitioners from State and Local Agencies, Contractors, Consultants, Suppliers, Academia, and Federal Government Agencies where bridge preservation practices throughout the Southeast Region are shared. The annual meeting provides a forum to discuss bridge preservation strategies - including treatments; management; inspection; improvements in research, design, specifications, and materials; and to promote the benefits of Bridge Preservation through education and application.

**Membership Benefits:** You are encouraged to become a member of the SEBPP, but membership is not required to attend the meeting. An explanation of membership categories, benefits, and costs as well as non-member information is provided on the 4th page.

**State members:** through the AASHTO TSP-2 yearly, voluntary contribution, state members will receive travel, lodging, registration, and expense reimbursement for two participants who will also be eligible to vote and serve as officers. If more than two people would like to attend from your state the additional registration fee is \$350 per person.

**Local and Federal Government Officials and Academic members** will become automatic members with paid registration at the rate of \$350 per person. You will also be eligible to serve as officers and cast one vote on issues being considered at the business meeting.

**Industry members** will each receive one paid exhibitor display space and table plus paid registration for two participants who will also be eligible to serve as officers and cast one vote on issues being considered at the business meeting. National membership in the Bridge Preservation Partnerships allows these benefits at each of the four regional partnership meetings. Regional membership in the Southeast Bridge Preservation Partnership allows these benefits for this meeting only.
