What is TSP-2? The Transportation System Preservation Technical Services Program (*TSP-2*) was initiated as an efficient means to disseminate information to AASHTO member agencies for preserving their highway infrastructure, including both pavements and bridges. Its principal mission is to serve as a clearinghouse with comprehensive and up-to-date information on efficient and effective preservation measures that enhance highway performance and extend useful life.

What is the Western Bridge Preservation Partnership (WBPP)? The WBPP is a regional forum comprised of bridge preservation practitioners from State, Local and Federal Government Agencies, Contractors, Consultants, Suppliers, and Academia where bridge preservation practices throughout the Western Region are shared. WBPP is an are element of the AASHTO Transportation System Preservation Technical Services Program (*TSP-2*). We encourage you to become a member of the WBPP, but membership is not required to attend the 2022 annual meeting.
