SR-41 Wilcox Co.

A photograph of a two-lane road with a gravel shoulder, surrounded by trees and a cloudy sky. The road is paved with asphalt and has a yellow line marking. The gravel shoulder is on the left side of the road. The road is flanked by dense green trees and a grassy field. The sky is blue with white clouds. The text "SR41 Wilcox County" is overlaid on the right side of the image.

Double Surface Treatment - DG

- SR-233 Marion Co. 12.8 m - Sept 07
- SR-51 Russell Co. 6.0 m - Sept 07

SR51 Russell Co. DG Treatment

SR51 Russell Co. DG Treatment

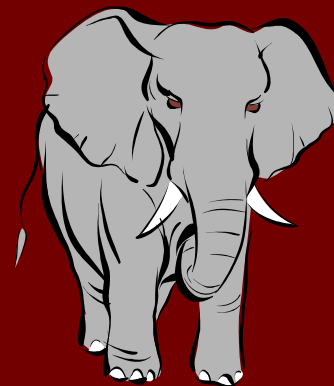

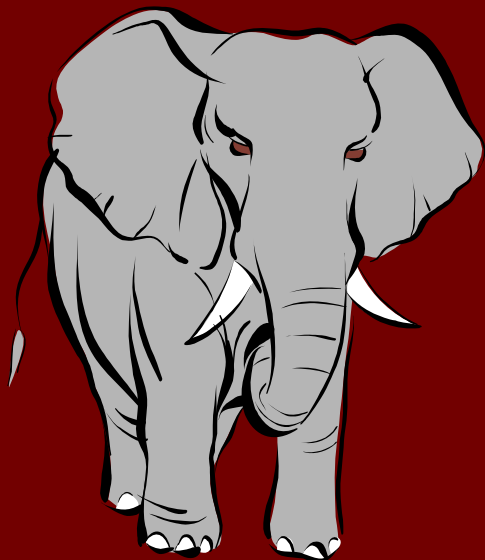

Conclusion

- It's one of the most cost effective pavement preservation tools when used on the right road at the right time
- We have had some minor problems
 - Raveling/Shearing of the aggregate at certain locations
- Overall
 - Satisfied with it's performance
