

# A Look at Pavement Management

James C. Norris, P.E.  
Middle Tennessee Operations

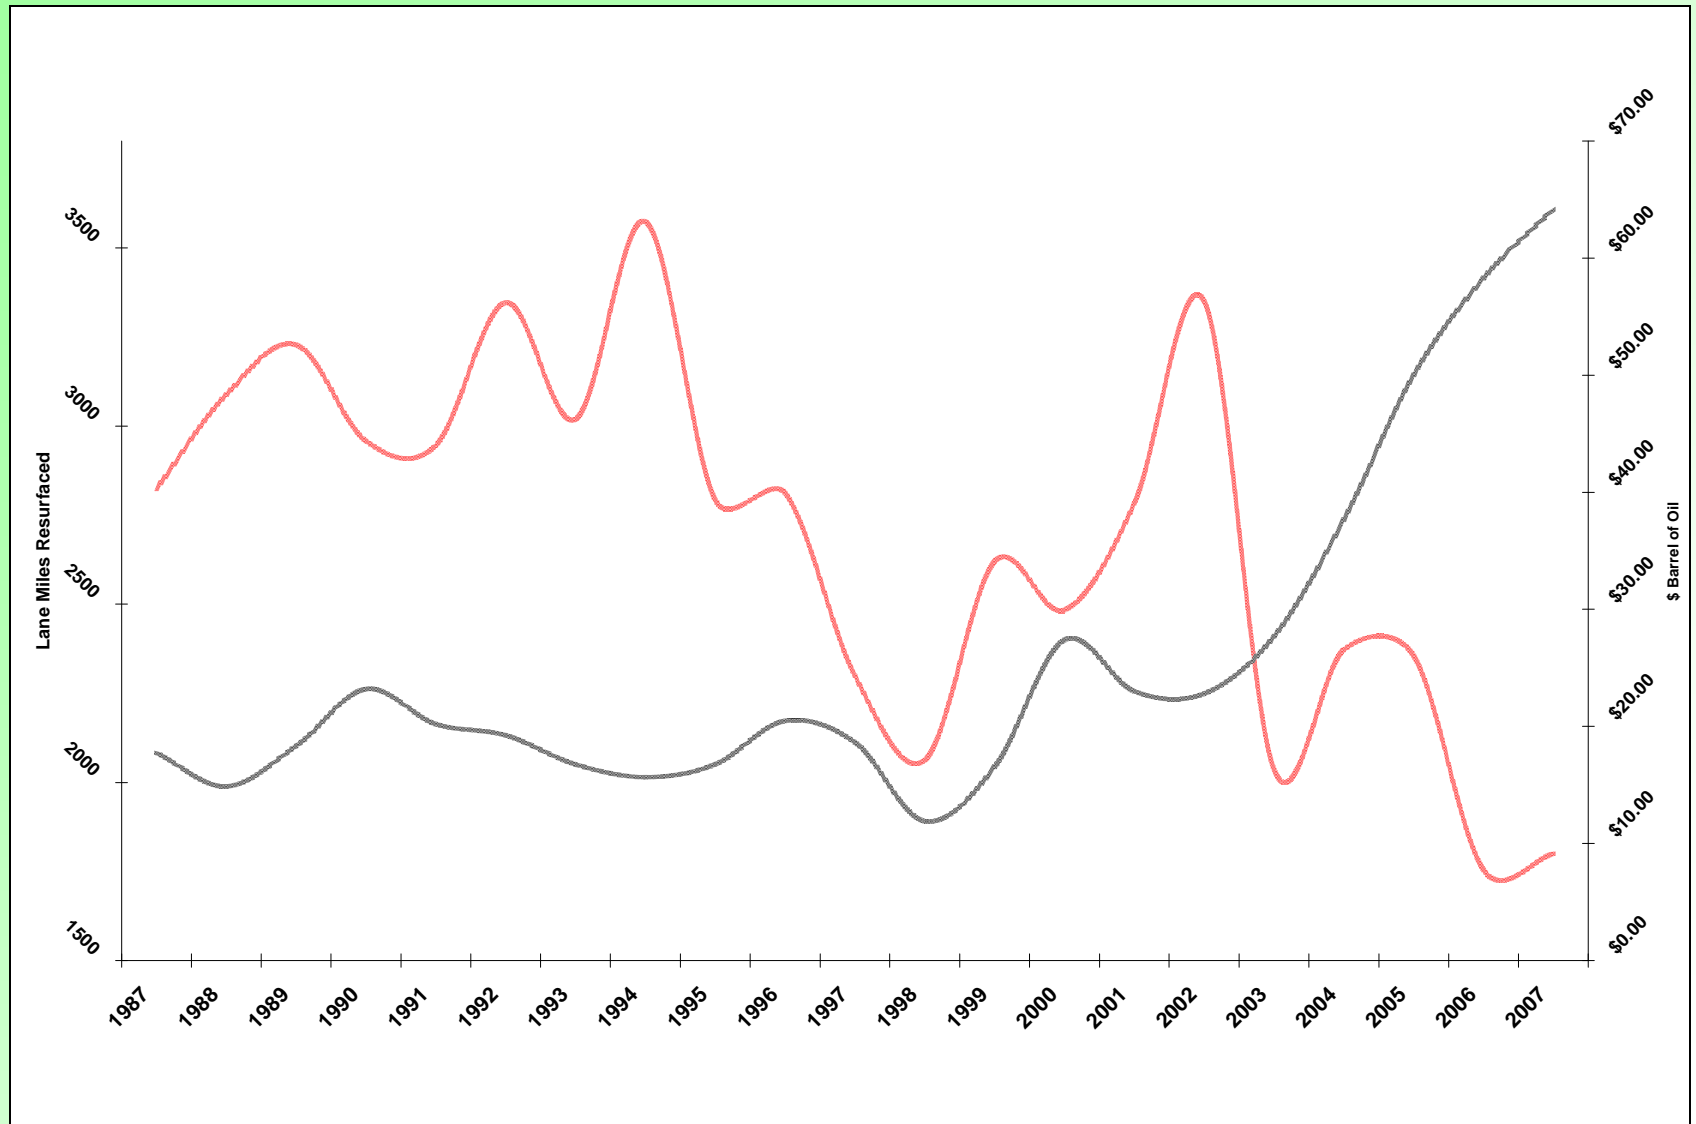

# Present: Current Practices

- Commitment to Preservation
- Infrastructure is in good shape
  - Top Down vs. Bottom Up
- 4 Perpetual Pavement Awards
- MTD is now a teenager
- NCHRP IRI Comparison Study
- Improved Density Specs
- Research

# Pavement Management for 2008 and 2009

- 500 Lane Miles of Microsurfacing
- 12 Experimental Thin Lift Asphalt Projects
- 4 Pass-CR Projects
- Crack Sealing
- Pass QB and other Sealants
- Revival of Chip Seals

# What the Future Holds: Unresolved Issues

- Bang For Buck
- Lack of Specialty Contractors
- Commitment Issues
- Pavement Management
  - Downward Imaging
  - Remaining Service Life
- Aggregate Suppliers
- Experience with systems
- Perpetual Pavements

## COMPARISON OF GROWTH IN VOLUME AND LOADINGS ON THE RURAL INTERSTATE SYSTEM
